School Facilities

Summary of Most Recent Site Inspection

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Department Office, 353 Brown Street, Vacaville, CA, and at the Facilities Department Office at 343 Brown Street, Vacaville, CA.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

A comprehensive school-wide Safety Plan was developed during the 1998-99 school year and has been updated every year thereafter.

The plan was last updated in February of 2008. Specific goals included in the current School Safety Plan are:

1. Continue to provide CPR and First Aid training for our staff.
2. Embrace a school-wide theme that focuses on character building, especially the traits of kindness and respect and recognize those students who are doing the right things.
3. Fine tune our physical operation including the PA system with better volume control in classrooms and the gymnasium
4. Provide staff members some article of clothing (e.g., vest, windbreaker, etc.) that identifies them as "STAFF" to

- be worn when supervising at athletic events and other school activities.
5. Prepare our students for their eventual careers by helping them to see the connection between school and work by participating in "Career Day" activities.
 6. Provide students with opportunities to become more involved in their communities.
 7. Continue efforts to have a full-time campus supervisor.
 8. Install an improved security camera system that could be easily monitored to increase school safety.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

Expulsions	0.4	1.3	0.3	0.2	0.4	0.1

IV. School Facilities

Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Age of School Buildings

Vaca Pena Middle School has 26 permanent classrooms, 14 portable classrooms, a multipurpose room, a library, and an administration building. The main campus was originally built in 1986 and 1993, and will be modernized under using local Measure V general obligation funding in 2006/07, 2007/08 and 2008/09. Portable classrooms have been added over the years to accommodate growth.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district follows cleaning standards for all schools in the district. A summary of these standards is available at the Maintenance Department at 353 Brown Street, Vacaville, CA, 95688. The Custodial Supervisor works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2007-08 school year, the district has budgeted approximately \$550,000.00 for the deferred maintenance program. This represents 1/2 percent of the district's general fund budget. In addition, the District receives a dollar-for-dollar State match, or another approximately \$550,000.00, for a total Deferred Maintenance Program budget of \$1,100,000.00 for the District.

Deferred Maintenance Projects (if applicable)

For the 2007/08 school year, the district's governing board has approved deferred maintenance projects for this school that will result in no new DM projects. The district's complete deferred maintenance plan is available at the district office at 751 School Street and at the Maintenance Department Office at 353 Brown Street..

Modernization Projects (if applicable)

In 2006/07, a new gymnasium was started and was completed in fall, 2007. A major site renovation project including new parking lot, student circulation areas, bicycle racks, track and field area, and landscaping along Keith Way was started in spring, 2007 and completed in fall 2007. A modernization project involving improvements to the interiors of the school and classrooms as well as major landscaping improvements along Nut Tree Road began in spring, 2008 and is scheduled to be completed in fall, 2008.

New School Construction Projects (if applicable)

Percent of Budget for Administrative Salaries	5.6 %	5.2 %

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels.

Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
English-Language Arts	44	50	48	48	48	51	42	43	46
Mathematics	37	40	44	43	42	45	40	40	43
Science	38	47	50	39	42	48	35	38	46
History-Social Science	36	41	35	41	36	39	33	33	36

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	31	25	35	18
American Indian or Alaska Native	33	45	*	*

Female	53	43	49	32
Economically Disadvantaged	28	27	32	
English Learners	5	10	15	3
Students with Disabilities	12	12	11	

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the [Physical Fitness Testing](#) Web page.

Grade Level	Percent of Students Meeting Healthy Fitness Zones
7	34.5

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	6	6	6
Similar Schools	4	3	6

"N/A" means a number is not applicable or not available due to missing data.

"*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 6106363

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	21	10	-13	741
African American	35	-4	-50	644
Hispanic or Latino	37	19	-25	679
White (not Hispanic)	13	13	5	786
Socioeconomically Disadvantaged	46	7	-21	648
Students with Disabilities				478

- "N/A"** means a number is not applicable or not available due to missing data.
- "**"** means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
- "A"** means the school or subgroups scored at or above the statewide performance target of 800 in 2008.
- "B"** means the school did not have a valid 2007 Base API and will not have any growth or target information.
- "C"** means the school had significant demographic changes and will not have any growth or target information.
- "D"** means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E"** indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

XI. Instructional Planning and Scheduling Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Vacaville Unified School District (VUSD) provides professional development opportunities for teachers at all stages of their careers. Peer Assistance and Review (PAR), Beginning Teacher Support and Assessment (BTSA), and Title II of the No Child Left Behind Act, SB 472 and AB 430 are the primary funding sources.

BTSA is a two-year program of induction. Through a series of after school meetings, peer observations, and release time meetings, new teachers learn about The California Standards for the Teaching Profession. BTSA is essential for new teachers in order to complete their credential. Our district is a member of the Yolo/Solano BTSA consortium which provides mentoring and support for all new teachers.

VUSD has adopted a standards-based Reading Language Arts and Mathematics series for K-6. SB 472 funds have been utilized to train many VUSD teachers in the areas of reading and mathematics. Elementary principals have received training in reading due to an AB 430 grant. Other areas of professional development include: Accelerated Reader training, technology training, English language development instruction, First Aid and CPR, family life training, substitute teacher training sessions, differentiated instruction, and training for Special Education teachers.

Many teachers serve on district CAMP committees. These collaborative groups work together to discuss best practices, identify essential standards and create effective pacing guides and assessments for student success and district-wide consistency. VUSD Staff Development opportunities are driven by a combination of State Content Standards, student achievement data, input from PAR and BTSA and staff surveys.

All teachers participate in site-based professional development via collaborative planning time once per week. This time is utilized to discuss topics related to student achievement.

Instructional assistants who work with students are invited to attend after school sessions in any subject area that applies to their job requirements. Clerical staff receives technology in-services in areas of job requirements, such as: attendance programs, library inventories, word processing and email.

For the past several years, Vacaville Unified School District used one full SBCP day for professional development. This has taken place in the fall, before school starts. Other professional development opportunities take place during summer, on release time, after school, evenings and weekends.
